

## **OPDD Program Meeting 14 Oct 2024 (10:30 JQL)**

**In attendance: Jim Arnold, Julie Lamarra, Mark Larese-Casanova, Dave Gibson, Chase Anderson, Barbara Baird, Sean Michael**

**Facilities, Classrooms, & Labs**

**Curriculum and Courses**

### **Program Issues and Opportunities**

Coordinating changes to TEE1010 through a couple of faculty members in ASTE (Becki has given this to them and Jim to figure out).

Working on a new sophomore level course in form development and fabrication tech. Also considering an equivalent gear design and merchandizing course as possibilities for the sophomore year.

Map out required gen-ed course possibilities that our students can take during the freshman and sophomore years.

Mesh and map these courses with our OPDD courses - what this could look like. Jim should have a chart for you to look at by the end of the month.

**Recruiting**
