Sutton Caplan Accepts Position at State Bicycle Co.

By Chase Anderson | July 26, 2023

Sutton Caplan, an Outdoor Product Design & Development student, accepted a role as a Product Design Intern at State Bicycle Co.

As a designer, Caplan will participate in the creation of new and innovative product for cycling consumers, and doing so at a company that is personally meaningful. He says, "I'm excited to work with a company that has played a big part in my personal cycling journey." Internships play a critical role in grounding student learning in meaningful real-world applications. As an intern, Caplan will gain valuable industry experience that will not only enhance his technical skills, but his abilities in the classroom as a returning design student.
