Hallie Kemp Accepts Internship at ULA Equipment

By Chase Anderson | June 1, 2022

Hallie Kemp, an Outdoor Product Design & Development student, accepted an internship at ULA Equipment as a Marketing Intern.

"In the thru-hiking community ULA Equipment is nothing short of legendary. ULA has been wonderful to work with and I'm excited and honored to be an intern to promote the brand as a marketing / social media intern. I'm very grateful to be a part of both ULA and OPDD so I can keep on learning, experimenting, and designing. The OPDD program has sharpened my skills as a creator and has opened the gateway for opportunities now and in the future!"

-Hallie Kemp | Class of 2025
